### UM UNDERGRADUATES LAND NSF SCHOLARSHIPS

#### MISSOULA --

Eight University of Montana - Missoula undergraduate students have been chosen National Science Foundation teaching scholars and awarded \$3,000 scholarships from the foundation.

The students were chosen through the Systemic Teaching Excellence Preparation Project, designed to improve science and mathematics teaching. The project marks the first time the foundation has awarded scholarships to undergraduates.

Scholarship recipients from Montana are Corie Bakker and Stephanie Nadasi of Missoula, Sanna Halverson of Big Timber, Ronda Howlett of Arlee, Jennifer Jilot of Box Elder, Mary Ellen Milton of Roundup and Jodie Skunk Cap of Browning.

Carly Kester of Gardnerville, Nev., also received a scholarship.

The STEP Project is a statewide collaborative effort based at Montana State University in Bozeman. Funded by a five-year, \$6 million grant from the foundation, the project has awarded \$103,500 in scholarships to 45 promising teacher candidates throughout Montana.
